5. For the purposes of paragraph 1, the VNM of a good shall not include the value of non-originating materials used in the production of originating materials of the Party which are used in the production of the good.

6. For the purposes of subparagraph 3(b) or 4(a), in applying the Agreement on Customs Valuation to determine the value of a good or non-originating material, the Agreement on Customs Valuation shall apply, *mutatis mutandis*, to domestic transactions or to the cases where there is no domestic transaction of the good or non-originating material.

Rule 6: *De Minimis*

1. A good that does not satisfy the requirements of subparagraph 1(b) of Rule 4 an applicable CTC-based rule of origin set out in Appendix “B” shall be considered as an originating good of a Party if:

- (a) in the case of a good classified under Chapters 16, 19, 20, 22, 23, 28 through 49, and 64 through 97 of the Harmonized System, the total value of non-originating materials used in the production of the good that have not undergone the required CTC does not exceed ten (10) per cent of the FOB;

3. If a good is subject to a RVC-based rule of origin, the value of the packing materials and containers in which the good is packaged for retail sale shall be taken into account as originating or non-originating materials, as the case may be, in calculating the RVC of the good.

Rule 11: Accessories, Spare Parts, Tools and Instructional or Other Information Materials

1. - (a) the accessories, spare parts, tools and instructional or other information materials are not invoiced separately from the good; and
- (b) the quantities and value of the accessories, spare parts, tools and instructional or other information materials are customary for the good.

2.
